What is Dreams for Kids?

Founded Holiday for Hope, the world's largest holiday celebration for homeless and underprivileged kids, to be held in over 50 countries this December.

Created Extreme Recess, the first adaptive sports and activities program of its kind for kids with disabilities.

Launched the global Dream Leaders program, to empower the most isolated kids in the world - those who are poor and those with disabilities - and to unite them to their diverse peers and to local and global community service projects.

"In 20 years we have given kids hope, recognized ability over disability, and reminded a generation that their contributions will change the world," said Dreams for Kids President and Founder Tom Tuohy.
